# DRAWER Marine Refrigerators & Freezers

---

## Drawer technology for best everyday use!

Isotherm drawer fridges and freezers stand for great design and user-friendliness. High-quality material and robust construction ensure long life time.

- High-tech design
- Easy access, comfortable to use
- Freezer compartment (-6°C)
- Robust drawer mechanism
- Removable drawers for easy cleaning
- Unique Frost-free feature on some models

### Special features of the drawer line include:

- Different side frames: 3 to 4 side frames available, in order to obtain flush mounted installation
- Different cooling systems: ventilated as standard, water-cooled with a self pumping kit (patented) and water-cooled through a sea water pump for tropical conditions
- Universal kit AC/DC optional: allows sufficient power supply all over the world
- Customized frames for side by side applications
- The innovative Isotherm off shore lock prevents the door from being accidentally opened
- Available with the award winning Frost-free concept that provides increased energy efficiency: ice accumulation and the resulting higher energy consumption are prevented

## Drawer Inox Clean Touch: when marine grade design meets unrivalled comfort in use.

The exclusive Inox Clean Touch technology, made by a stainless steel door especially treated to avoid fingerprints, is now combined with the easy-to-use drawer mechanism. A strip of 5 LED lights provides an elegant internal atmosphere, where drawers are designed with practical interior dividers.

- Exclusive inox Clean Touch finishing
- Robust and practical drawer mechanism
- 3 side stainless steel fixing flange available as standard
- 4 models available, 49, 65, 70 and 100 liters

Available on some models

## Drawer Customization concept:

Indel Webasto Marine provides its customers with even more customization possibilities. On models 49, 55, 65, 70, 160 and 190 it is now possible to customize the door front. The drawer fridge or freezer is supplied with a specifically foamed door ready to be customized, for example, with a real wooden panel supplied by the customer. The panel fixing kit is supplied with the product. Thanks to this new technology it is now possible to select both the finishing of the panel and the handle design, according to the interior of the boat.

- Perfect integration into the interior design
- Optional door panel mounting brackets
- Side-by-side installation of fridge and freezer
- Customizable safety door locks
