

LEWMAR®

A Lippert Components Company

New Look Pleated Shade

Designed for the perfect fit to our existing range of hatches, the new Lewmar Pleated Shade complements any boat, with clean modern styling and practical functionality.

Pre-assembled and simple to install, the Pleated Shade is mountable either horizontally or vertically as preferred and under constant tension. The Pleated Shade provides ultimate flexibility for light control, ventilation and pest protection.

The shade can be mounted to, or in, the headlining of any vessel, offering a simple retrofit solution or flush pleated option for new boat builders.

- **Easy to install. Option of surface or flush mount**
- **100% Blackout material, UV stable**
- **Durable flyscreen mesh, providing protection and airflow**
- **Low profile design**
- **Fits all sizes of Lewmar standard hatches**
