The Marine Town eXpression Series

The Marine Town eXpression Series epitomizes innovation using refined technology.
Our array of color options empowers the builders to express a unique aesthetic.

We are dedicated to crafting leading edge products that are tailored to your distinctive style!

PRODUCT INFORMATION

- Our MTX-Series, stands for Marine Town eXpression Series.
The MTX Series is produced using a distinctive technology, setting it apart from conventional methods such as painting or powder coating. All our MTX products meet rigorous standards, including :
 1. UV Resistance and Condensation Test.
 2. Endurance of 500 hours in a salt spray test.
 3. Cross-hatch adhesion tests conforming to ASTM classification 5B, the highest possible standard.

- Marine Town products are primarily stainless steel 316. However, variations in material may occur to accommodate particular product demand or function. **Material used in components such as tubing, plates and miscellaneous accessories such as screws, washers, nuts, pins, and springs, etc. are generally made from stainless steel 304.**

- Each product will have a size tolerance under casting process or secondary machining such as polishing. Specification differences from the catalog under these circumstances will be acceptable.

- Marine Town reserves the right to adjust specifications in order to improve the product function without prior notification to customers.

- Our marine grade stainless steel products are superior in corrosion resistance. However, the protective surface can be damaged through mechanical means, heat or chemical damage.

Marine Town encourages regular and thorough cleaning of all stainless steel hardware to extend the product life. **⚠ Caution: Avoid harsh chemical cleaners that may accelerate rust and corrosion.**

- Damage to products resulting from abrasive or harsh cleaning practices as well as general long term use outside the warranty period will not be covered under the Marine Town warrant policy.

- Selected products are available in limited stock, while others are made-to-order with minimum quantity requirements. Contact us for availability and details!

EXCLUSIVE NEW MTX SERIES SELECTIONS

Experience the next level of customization with Marine Town's diverse selection of finishes. Engineered to enhance your boat's visual appeal while seamlessly combining practicality with elegance.

GRAND SLAM LATCH 2"

Built with precision, crafted for lasting durability.

GRAND SERIES-
MINI SLAM LATCH 1-3/8"

Stainless Steel 316

- Smaller self-closing latch.
- Anti-rattle design incorporates double springs.
- Stainless steel 316 slide built to endure high-speed impacts under way.
- Reversible backing plate for wide range of door thickness.
- Included gasket eliminates the need for caulking.

NEW

I LOCKER

1207522-P

1207522-B

Stainless Steel 316

- Functions as a drawer or cabinet stop to ensure secure closure, even underway.
- Ideal for use on small cabinets and discreet storage compartments.
- Easy installation with hidden fastener design for clean appearance.
- Detent allows fixed positioning with 90° rotation.
- Screw size M4 or #6.

Bulk No.	A mm	B mm	C mm
1207522	50.8(2")	19(3/4")	13(1/2")

PADDLE LATCH

Stainless Steel 316

- Self-closing latch designed for inconspicuous mounting. Ideal for interior cabinets.
- Designed for installation on the outside of the application to maximize usable space within cabinets and compartments.
- Slots and off-center strike incorporated to facilitate minor adjustments following installation.
- Built-in marking hole to ensure proper alignment of strike during installation.
- Screw size M4 or #6.

OVER CENTER LATCH

Combining security and style in one sleek design.

OVER CENTER LATCH

9907881-P

0607981-B

Stainless Steel 316

- Heavy duty cast construction with strong holding power.
- Designed to fit various applications for a tight seal on any compartment lid.
- Off-center strike can be rotated to achieve desired catch tension.
- 0607981/3: Slot hole incorporated in housing to facilitate minor adjustments following installation.
- Stainless steel mechanism presents smooth and low profile appearance in the closed position.
- Includes a PVC installation jig to ensure precise strike alignment.

PATENTED

HANDRAIL FITTING 1"

- Stainless Steel 316
- Special mechanism secures railing in place as lock nut is tightened and eliminates the need for set screws.
 - Concealed fastener design for a more elegant appearance.
 - Fits 1" outer diameter handrail.
 - Stainless steel 304 washer and locking nuts are included.

PULL UP FOLDING CLEAT

- Stainless Steel 316
- Features a clean, low profile appearance, with a large handle for easy operation.
 - Easy installation.
 - Fold-down design prevents accidental catching of lines.
 - Surface mount eliminates the need for water drainage.
 - Smooth edge to prevent rope chafing or potential for injury.

CURVED CLEAT

0906376-B

0906376-B

Stainless Steel 316

- Anti-rattle design.
- Easy installation.
- Modern shape with simple outline.
- Flush appearance that covers entire cleat base when stowed.
- Unique handle design allows for comfortable operation.
- Rubber caps are available upon request to prevent water from leaking.
- Aluminum backing plate is included.
- Glossy black finish is not available.

SUNSHADE SYSTEM SUNSHADE SOCKET

Secure installation for a wobble-free shade.

SUNSHADE SOCKET STUD TYPE

- Stainless Steel 316**
- Designed with a 15° angle to create self-tensioning of poles, ensuring secure installment.
 - Self-draining design incorporates a threaded barb for 1/2" draining hose.
 - Included seal gasket eliminates the need for caulking.
 - Wider backing cup distributes stress over a larger area when in use.
 - 0506867 & 0506867-8: Small face with low profile, ideal for boats with narrow gunnels. Requires a 28mm (1-1/8") installation hole with a 15° angle and notch hole.
 - 0806868 & 0806868-9: Wider flange provides better coverage of the installation hole. Requires a straight 35mm (1-3/8") diameter installation hole and notch hole.
 - 0506867-8 & 0806868-9: Shallow backing cup is designed to accommodate thick laminate installation sites.

PATENTED

Bulk No.	Face Size	Backing Cup	A mm	B mm	C mm	D

SUNSHADE SOCKET W/CAP

0506865-B

0506865-S

Stainless Steel 316

- Designed with a 15° angle to create self-tensioning of poles, ensuring secure installment.
- Anti-rattle design incorporates a rubber bushing under the cap hinge to ensure that the cap stays in the open or closed position underway.
- Cap is designed to prevent water flowing directly into the socket. However, this socket is not self-draining and must be maintained to prevent corrosion and rusting that may result from sitting water.
- Requires a 28mm (1-1/8") installation hole with a 15° angle.
- Included U-shaped backing plate is required for installation and must be thru-bolted to prevent vessel damage or injury.
- Screw size M5 or #10.
- Stainless steel 304 spacer and locking nut are included.

Bulk No.	A mm	B mm	C mm	D mm
0506865	28(1-1/8")	49(1-15/16")	67(2-5/8")	13(1/2")

20,000+ cycles,
minimal torque loss.

COVERED FRICTION HINGE

Holds firm with
effortless elegance.

Reliable hold,
effortless motion.

500-hour salt
spray tested.

 **Marine Town**

COVERED FRICTION HINGE

0519523-P

0519523-B

Bulk No.	Screw	Type	Size
0519523-A	#8	Barrel Down	40mm X 78mm
0519523	M4		1-9/16" X 3-1/16" Torque Range: 2.2±0.7N-m

Stainless Steel 316

- Provides constant torque throughout the entire range of motion.
- Holds door open at any desired angle without torque adjustment.
- Ideal for light-weight doors, such as overhead door, baitwell lid, glove box, interior door, anchor locker, electronic panel, etc.
- Easy installation with 3M VHB double-side tape.
- The cover can be removed by using a heat gun or hair dryer.
- Passed 10,000 times cycle test and lost less than 10% on torque;
- 20,000 times lost 20% or less only.
- Passed 500-hour salt-spray test.

0519423-AH-B

BUTTERFLY HINGE

Stainless Steel 316

- Modern shape and simplified two seam barrel design.
- The unique covers are built into the pivot for permanent use and concealing the screws.
- Push cover to snap in place. Can be unsnapped by using a small flat-head screwdriver.
- Fits different countersunk screw types.
- Silicone caulking on cover is required for specific application use.
- Passes 500 hours salt-spray test.
- If this hinge is mounted in the pocket, make sure to have enough room around the hinge leaves to allow the covers to be snapped down.
- Glossy black finish is not available.

INSTRUCTION

Bulk No.	Type	Size
0319415	Center Barrel	78mm X 78mm 3-1/16" X 3-1/16" Screw : #10 or M5.

CAST HINGE

Stainless Steel 316

- Low profile design.
- Barrel is welded closed on both ends.
- Tight tolerance construction.
- Durability and beauty combined.

8631409-B

Bulk No.	Type	Size
8631409	Barrel Down	42mm X 70.5mm 1-5/8" X 2-3/4" Screw : #8 or M4.

Technical drawing of a mechanical part, showing a side view and a cross-sectional view. The side view dimensions are:

- Overall width: 37 [1.457"]
- Distance between mounting holes: 24 [0.945"]
- Overall height: 37.5 [1.476"]
- Distance from top edge to mounting holes: 25 [0.984"]
- Mounting holes: 4 X Ø4.5 [Ø0.177"]
- Internal holes: 4 X Ø8 [Ø0.315"]

The cross-sectional view shows a base with a central hole of diameter Ø7 [Ø0.276"] and a flange with a thickness of 3 [0.118"].

Technical drawing of a mechanical part, likely a bracket or flange, showing top and side views with dimensions in millimeters and inches.

Top View Dimensions:

- Overall width: 76.5 [3.012"]
- Distance from centerline to outer edge: 61 [2.402"]
- Distance from centerline to mounting hole center: 25 [0.984"]
- Overall height: 37.5 [1.476"]
- Distance from top edge to mounting hole center: 22 [0.866"]

Mounting Holes:

- 6 X Ø4.5 [Ø0.177"]
- 6 X Ø8.2 [Ø0.323"]

Side View Dimensions:

- Radius of the semi-circular feature: Ø7.6 [Ø0.299"]
- Height of the side flange: 3.5 [0.138"]

Technical drawing of a mechanical part, showing a top view and a side view.

Top View Dimensions:

- Overall width: 75 [2.953"]
- Overall height: 37 [1.457"]
- Inner width (excluding slot): 60 [2.362"]
- Inner height (excluding slot): 37 [1.457"]
- Slot width: 20 [0.787"]
- Slot depth: 3.2 [0.126"]
- Distance from top edge to center of top holes: 20 [0.787"]
- Distance from bottom edge to center of bottom holes: 20 [0.787"]

Side View Dimensions:

- Overall thickness: 3.2 [0.126"]
- Central protrusion diameter: Ø7 [Ø0.276"]

Feature Callouts:

- 6 X Ø4.5 [Ø0.177"] (Six small holes, three on each side)
- 6 X Ø8.2 [Ø0.323"] (Six larger holes, three on each side)
